MAGNATES ARBITRATE.

Controversy Between Western and American to Be Settled.

Misssoula, Mont., Oct. 27.—After covering himself in the east with honors as the most remarkable rifle shot in the world, Sergeant Hawkins, colored, of the Twenty-fourth regiment, stationed at Fort Missoula, has returned to his home to find himself less of a hero among the officers of his home post. During the recent championship tournament held at Sea Girt, N. J., this summer, Hawkins made the phenomenal rifle score of 160 out of a possible 160, the first and only time the record has ever been made.

Hawkins was the recipient of many congratulations from army officers upon his feat, and President Roosevelt personally received him at the White House and extended him conspicuous honors. Hawkins measmates had prepared for his homecoming, a reception and ball having been arranged at the post quarters. When permission was asked of the officers of the post to carry out this programme it was refused. As a result the members of the garrison have become surly, causing a strained relation between commissioned and non-commissioned men. Hawkins has asked for a transfet to the Second battalion at Fort Assimibolae and will, if refused, it is claimed, take his request to the president.

Colorado Springs, Colo., Oct. 27.—T. J. Burns and D. C. Packard, Western league magnates, made an official announcement today regarding the controversy with the Marcian association. The whole question is to the left to an arbitration board, of which Howard Griffiths of the Jersey City Basebail club has been selected chairman, each league to select another member.

The decision of the board is to be final. Each league will set forth its side of the controversy in writing within the next tend as several many of the provided his title of chambion and will be provided his title of chambion and will be provided his title of chambion and will, if refused, it is claimed, take his request to the president.

The whole question is to the left Pittsburg, Pa., Oct. 27.—Tom Jenkins successfully defended his title of champion heavyweight wrestler of America, defeating Dan McLeod, the Canadian champion, two out of three falls. Jenkins drew first honors with a half-Nelson and wrist throw in 18:31.

In the second bout the Canadian succeded in downing his man by a half-Nelson in 54:25, but the decisive fall went to Jenkins in 7:55, also on a half-Nelson.

Taylorsville-Soldier Game Off. Champion Wrestler Shot.

Cincinnati. O. Oct. 27.—John Dewey, a champion wrestler and noted athlete, was fatally shot today by two men who escaped. It is thought that the assassins were hunting another man and shot Dewey by mistake.

The game scheduled to come off tomorrow at Cummings field at the university between the Taylorsville team and the soldlers has been postponed for the present. One of the Taylorsville players is on the sick list, which caused the postponement.

LEADER OF ARMENIAN SOCIETY SHOT DOWN IN LONDON SUBURB

London, Oct. 27.—Sagatell Sagouni, president of the Armenian revolutionary society in London, was murdered in the suburb of Nunhead late yesterday evening. The crime has created a sensation, as it has every appearance of being of a political character, and has been preceded by the assassination of other officials of branches of the same society on the continent.

Sagouni, who only returned to London yesterday, after settling up the affairs of an associate in Switzerland, who was recently assassinated by stabbling, was entering hiz residence when a man rushed across the road and fired

ALL STOCKHOLDERS . ON AN EQUAL BASIS

Pittsburg, Pa., Oct. 27.—By a practically unanimous vote of its stockholders the United States Glass company today reduced its capital stock from \$5,-000,000 to \$3,200,000, or a total reduction of \$1,800,0000. Of this amount there was a wiping out of \$1,000,000 of 8 per cent of accumulative preferred stock entirely, and the rest of the shares that were removed were common stock. In place of this stock there was issued \$779,000 of bonds with which the holders of the stock were to be reimbursed. The change is believed to have placed the company on a better financial footing than ever before, and all stockholders will be on an equal basis.

BARREIT SURPRISED.

Thinks He Has Been Rather Harshly Used.

New York, Oct. 27.—Harrison J. Barrett, whose disbarment from practice before the postoffice department for alleged wrongful acts disclosed by the general postal investigation, announced last week, has written a letter to the postmaster general under date of Baltimore, Oct. 27, in which he expresses surprise in view of the fact that he has been furnished no specification of charges and has been given no hearing. The letter says he (Earrett) invited a searching investigation of all his acts and was assured of a hearing and an opportunity to meet any accusation against him. He says he furnished to the inspectors all information asked of him, though much of it was irrelevant, notwithstanding he was satisfied they were seeking his indictment.

now go rapidly forward and it is expected a train will be run across the completed line by Nov. 20. At that time it is probable that President Harriman will be here and that ceremonies appropriate to the event will be had. Of course there is much filling-in to be done and the trestic work will be strengthened in many ways before the trains will begin running steadily over the great lake route, but the work to be done is now merely finishing work. The heavy pile driving machinery will be taken to the coast.

Spite of Defections.

The last day of registration was marked by activity and the spending of money on the part of the Republicans, Mr. Murphy's committee had hired carriages and paid workers in every precinct, and last night were making extravagant claims of the success of their work. It is certain that a great many new names have been added to the rolis.

The Democrats are spending practically no money. They have not opened headquatrers, and the work being done is all that of volunteers. They made a good showing, but did not spend a single dollar for what they accomplished. The committee is receiving assurances of considerable opposition to the ring in control from well known Republicans, These men are not coming out as openly as are the party men in Salt Lake City, but it
